The mission of *Operation Safe and Clean Streets* is to take back our neighborhoods one block at a time, and to send the message that criminal activity **will not** be tolerated.

The Saturday cleanup will be preceded by a major effort by City departments on May 11 to paint curbs, trim trees, contact owners of blighted property and tag abandoned autos.

The event is co-sponsored by:

- City Council District 3
- Office of the City Administrator
- Service Delivery Systems – Area 1 (SDS-1)
- Beat 6 Neighborhood Crime Prevention Council
- Public Works Agency
- Community and Economic Development Agency
- Oakland Police Department
- West Oakland Commerce Association
